Please understand: All dogs will be assessed and you will be advised about their motivation to learn. Each dog may exhibit different behaviors that in some cases will limit the rapid progression you may desire. Results are based upon level of commitment and cooperation of owner. There is no guarantee that the desired level will be achieved in any given time frame despite the best efforts of the trainer.

The training techniques instructed must have consistent follow up through your practice and active participation between lessons to achieve the maximum results.

Occasionally during a lesson, your dog may reach their limit and "shut down" from working, especially young puppies, before the end of the session. It is best to end on a positive note as advised by the trainer and based on time. A discussion time while your dog rests may follow if this occurs to complete your lesson.

Policy: ALL service fees, which include training, are non refundable and non transferable. Reschedules must be with 48 business hours notice and confirmation of availability. Missed lessons will be forfeited. Missed lessons due to dog's illness must have a vet's note for credit. Late arrival deducts from the scheduled hour. After 15 minutes, it is considered a missed lesson and can not be credited.

Private lesson packages must be scheduled in advance weekly or bi-weekly.
